Mr. E. H. Marriner W6BLZ  
528 Colima Street  
La Jolla, California

Dear Mr. Marriner:

Thank you so much for your letter of the 19th. We had quite a bit of material about the United Wireless Telegraph Company in MODERN ELECTRICS, but someone would have to go through all the bound volumes to locate all the items. This would be a bit of a job, as you can appreciate. Naturally there are no longer any copies available, only the bound volumes here in our office.

It is also conceivable that somebody on the West Coast may have bound volumes which could be used as reference.

I haven't seen WESTERN RADIO AMATEUR magazine recently and would very much appreciate receiving a few copies.

With all best compliments of the season.

Sincerely yours
