had since 1928!

~~The man very rarely misses. He is thirty-three, an Irish-English-French American from Michigan. He is the only Creative Man we know who looks as brilliant as he is. We will loan him out to Groupers.~~

R. H. G. MATHEWS - Electrical Engineer from Armour Institute of Technology.

Pitched on the college baseball team. Ship radio operator during summers to help pay the college cost. One of the two original partners in Chicago Radio Laboratory (predecessor company of present Zenith Radio Corp.)

Was Chief Engineer of Zenith Radio Corporation for 9 years and later Sales Engineer of same company.

Designed and built 6 broadcasting stations.

Was Chief Announcer WJAZ, Chicago 2 years.

Formerly President American Radio Broadcasting Corp. and President Cleveland Broadcasting Corporation.

Took the first portable radio broadcasting station on one year tour from coast to coast, broadcasting each night from a different city as a promotion for Zenith Radio Corporation.

Was member Institute of Radio Engineers and American Institute of Electrical Engineers for many years.

Formerly member American Railway Association Committee on Communications.

Formerly President Radio Manufacturers Sales Co. (manufacturers' representatives).

Designed and installed number of sound systems in principal "villages" of Chicago's Century of Progress Exposition.

Was factory superintendent, Zaney-Gill Mfg. Co. for some time.

During the war entered U.S. Navy as Communication Officer and served variously as Material Officer, 9th Naval District; Officer-in-Charge Naval Radio Laboratory, Great Lakes; Regimental Adjutant, 7th Regiment (Radio School) Great Lakes; Officer-in-Charge Naval Radio Telephone School, Great Lakes; Officer-in-Charge Radio Investigations Naval Intelligence Service, 9th Naval District, District Naval Radio Inspector, 9th Naval District.

FORD, BROWNE & MATHEWS - PERSONNEL

-6-

At present holds rank of Lieutenant-Commander in U. S. Naval Reserve and is Executive and Personnel Officer of the Naval Communication Reserve, 9th Naval District. For many years an outstanding amateur radio operator with call letters 9ZN. Is now Central Division Director of the American Radio Relay League and a Director of the Chicago District of the Midwest Lawn Tennis Association (the mid-west section of the U. S. Lawn Tennis Association) and member of the Tournament, Exhibition and Junior Development committees of this organization.

Member and committeeman of Chicago Town and Tennis Club.

Is an indefatigable tennis and badminton player and amateur motion picture enthusiast - also builds model aeroplanes - dislikes golf intensely (primarily because of lack of skill at it); is considerable of a bridge hound. Married to a wee blonde gal who stays even on the bridge, tennis and badminton activities.

Partner - Ford, Browne & Mathews, specializing in technical accounts requiring engineering background; and radio programs.
