I hereby apply for "LIFE" membership in the SOCIETY OF WIRELESS PIONEERS and certify that I meet requirements for classification marked below, by having held a valid government radio-telegrapher's license unless employment antedates license requirements. I certify that I have earned my living during this period as a wireless or radio operator assigned to a ship or shore station open to commercial "PG" traffic. (Operators with military experience are eligible if they have served at installations handling "PG" traffic without license requirement if they can document). I agree to furnish records to substantiate if required by the Membership Committee. I agree to keep my address current on the Society records and acknowledge failure to do so as sufficient grounds to drop me from membership.
